

## Midwinter Break | Spring Break Weeklong Theme-A-Day Camps

Our weeklong Midwinter and Spring camps can be attended one day at a time, or all week long! Each day will hold new surprises.

### DAILY THEMES INCLUDE:

#### Science Lab

Explorations in Chemistry, Biology, Physics

#### Cooking/Baking

Bread baking and other delights... We make some for ourselves and some to bring home to share!

#### Improv, Magic, Illusions

We're tricky! A favorite theme. We explore optical illusion, magic tricks, and play improv games using language and sounds. Sometimes we make secret potions!

#### Shadows, Light & Theater

We play with the science & drama of light & shadow with puppets and other objects.

#### Fiber Arts / DIY Day

Weaving, sewing, dyeing, soap-making, fabric painting, and other tactile/textile arts

#### Maker/Builder

Cardboard construction, tinkering, building, and paper engineering

#### Strategy Games and Puzzles

Playing with and against each other, we learn strategy and key language, explore what makes a game fun to play, and make our own board games!

Art, crafts, and games are always part of the mix.

As always, campers will be fully immersed in the target language. You receive a post-camp newsletter with photos and more info, as well as a vocabulary and key language list.

## Midwinter Break | Spring Break Weeklong Theme-A-Day Camps
