

Midwinter Break Weeklong Multi-Theme Camp

Our midwinter camps can be attended one day at a time, or all week long! Each day will hold new surprises.

MIDWINTER THEMES:

MONDAY Science Lab

Boom! (Just kidding.) Chemistry explorations, colors and potions! We'll also make bubble art and concoct our own hand sanitizer.

TUESDAY Martes de Carnaval / Mardi Gras!

It's Carnival! We will celebrate with mask-making, beading, and baking traditional Carnival treats, like a King Cake! We will then parade around singing and dancing and practicing our new language skills.

WEDNESDAY Magic & Improv

We're tricky! We'll learn some magic and performance tricks, and play improv games using language and sounds. Then each group will put on a magic show for the others!

THURSDAY Shadows, Light & Theater

We will play with light and shadow through puppetry, as well as tell a traditional story using our own shadow puppets and making our own crankie theater.

FRIDAY Baking and Kitchen Chemistry

We'll bake bread and make other concoctions, exploring the chemistry of the kitchen!

Art, crafts, and games are always part of the mix. Join us for the whole week or drop in 1–4 days!

As always, campers will be immersed in **French or Spanish**. You receive post-camp news with photos, recipes, and how-tos, as well as a full vocabulary and key language list.
