

# IT WAS A HOOT!

## OWL EVENT RECAP

### WE LEARNED ALL ABOUT OWL ADAPTATIONS!

See the handout that went home with your child for interesting owl facts and key vocabulary in French and Spanish!

### WE MADE OWL MASKS!

We learned that owls can't move their eyes in their head, so our masks mimic owls' lack of peripheral vision! The "goggle" feature forces us to turn our head in order to see.

### WE SAW REAL LIVE OWLS! UP CLOSE!

Our friends at Volunteers for Wildlife brought live owls and a beautiful American Kestrel for our campers to see up close.

ORLANDO, AN EASTERN SCREECH OWL

COMPARING FEATHERS

## OUR OWL FRIENDS

AMELIA, AMERICAN KESTREL

MARCUS, A GREAT HORNED OWL
