

Midwinter Break | Spring Break Weeklong Multi-Theme Camps

Our weeklong Midwinter and Spring camps can be attended one day at a time, or all week long! Each day will hold new surprises.

DAILY THEMES MAY INCLUDE:

Science Lab

Explorations in Chemistry, Biology, Physics

Cooking/Baking

Bread baking and other delicious delights...

We make some for ourselves and some to bring home to share!

Improv, Magic, Illusions

We're tricky! A favorite theme. We learn about illusion and play improv games using language and sounds. Sometimes we make potions.

Shadows, Light & Theater

We play with the science & drama of light & shadow with puppets and other objects.

Fiber Arts / DIY Day

Weaving, sewing, dyeing, soap-making, and other tactile/textile arts

Maker/Builder

Cardboard construction, tinkering, and paper engineering

Strategy Games and Puzzles

Playing with and against each other, we learn strategy and key vocabulary

Art, crafts, and games are always part of the mix. Join us for the whole week or come 1–4 days (pre-registration necessary)!

As always, campers will be fully immersed in the target language. You receive post-camp news with photos and more info, as well as a vocabulary and key language list.

Midwinter Break | Spring Break Weeklong Multi-Theme Camps
